Let's Make a Roller Ball!

From your Big Bonus Box, grab a roller bottle, and the coconut oil - or order a carrier oil of your choice for 10% off. Then, pick your favorite diffuser blend from the calendar. Put the blend in the roller bottle instead of the diffuser, top with coconut oil, snap on the cap until it clicks - Done! You now have your favorite blend on the go! If you have questions on the dilution rate, check Module 4 of the Essential Oil Hero Course for a free PDF dilution chart!
