

# Essence Portable Waterless Diffuser

## BENEFITS

- **Pure Potency:** No water, no dilution. Experience the full, undiluted therapeutic strength of your oils exactly as they are in the bottle.
- **Travel-Ready:** Fits in standard car cup holders and lasts 6 hours on a single charge.
- **Mess-Free:** No water tanks to fill, spill, or grow mold. Just screw in the bottle and go.

## KEY FEATURES

- **Technology:** Waterless Cold-Air Nebulizer.
- **Portability:** Battery-operated & USB-C Rechargeable.
- **Bottle Compatibility:** Fits 5ml and 15ml bottles directly.
- **Customization:** 7 Light Colors + 2 Mist Intensity Modes
- **Bonus:** Includes Multi-Tool bottle opener.

## HOW TO USE

1. **Uncap:** Remove the plastic orifice reducer from your 5ml or 15ml Simply Earth oil bottle using included multi-tool.
2. **Attach:** Screw the bottle directly into the nozzle head.
3. **Insert:** Press the nozzle head into the diffuser body until it clicks.
4. **Mist:** Press Power to start (defaults to 6H). Short-press the Power button to toggle the timer (2H / 4H / 6H)

## PRO TIPS

- **The Scent Switch:** When changing oils, run the "Weekly Refresh" (alcohol) for 1 minute between scents to clear the previous aroma.
- **Intensity Hack:** Use Low Mode (30s mist / 120s rest) for small spaces like cars, and High Mode (60s mist / 120s rest) for rooms up to 300 sq. ft.
- **Charging:** The indicator light turns Red while charging and turns Off when fully charged—perfect for overnight prep!

## RECOMMENDED USE:

- **Oil Type:** Use Thin Oils Only (e.g., Lemon, Lavender, Peppermint).
- **The "No" List:** Avoid thick oils like Vetiver, Peru Balsam, Sandalwood or Patchouli, and never use carrier oils (Coconut, Almond), as they will cause permanent clogs.
- **The Weekly Refresh:** To keep the motor strong, run the unit with a bottle of 70% Isopropyl Alcohol for 10 minutes once a week.
